ABOUT YELLOW DOOR ENERGY

Yellow Door Energy is the leading provider of clean energy solutions for commercial and industrial customers in the Middle East, Africa and South Asia. It invests in captive assets that enable customers to reduce energy costs, improve power reliability and lower carbon emissions. The company recently raised \$65 million in Series A financing from global investors IFC, Mitsui, Equinor, APICORP and Adenium. Learn more: www.yellowdoorenergy.com

JOB DESCRIPTION

Yellow Door Energy (YDE) is looking for an experienced **Head of Investment Risk** to join our team and support the company's strategic growth. The ideal candidate will be excited about bringing clean energy solutions to businesses in the Middle East, Africa and South Asia. She/he will report to the Investment Committee and will work closely with all teams across the organization.

The Head of Investment Risk will have four functions in their role:

1. Be responsible for the design and ongoing development for investment, liquidity and counterparty risk analysis
2. Preparing risk assessments (including business credit reports) of potential YDE project investments
3. Monitoring operating assets to determine any change in risk
4. Reporting to the Investment Committee and Board of Directors to defend potential investments

The role is initially a lone contributor, but with company growth will require management of a small team.

WHAT WE ARE LOOKING FOR

1. Ability to Conduct Risk Analysis

- Collaboration with the business development teams during development to provide direction, training, and awareness on project risks
- Collaboration with business development and functional teams (legal, finance, and technical) to assemble the appropriate diligence material
- Conducting in-depth, industry appropriate, risk analysis of businesses based on audited financials and other assembled information
- Think critically about available information to provide risk opinions on businesses considering YDE's long-term investment returns and our contractual relationships

- Monitor the status and performance of the investment portfolio to identify changing risk and minimize potential losses for YDE
- Support in the assessment of risks of new products and investment strategies
- Support team members and stakeholders on timely reporting of problem credits, work-outs and restructuring plans

2. Strong Independence

- Monitoring compliance with risk policy and risk reporting requirements
- Work in a self-organize, prioritize, and perform with limited supervision
- Draft reports that include one's independent risk opinions
- Defend one's independent risk opinion internally and to YDE's IC and board
- Adhere to relevant compliance policies and procedures

3. Leadership Capabilities

- Support YDE leadership to direct investments in a manner that manages our risk
- Capacity for high-level discussions with YDE's Board and Investment Committee including best practices for risk and investment policies
- Ability to build and manage team when YDE scale necessitates

YOU...

- A minimum of 8 years' experience in a risk, finance and/or lending role within the financial services industry
- Prior experience in credit, risk, and/or corporate banking is required with exposure to energy, infrastructure credits and/or project finance
- Fluency in both English and Arabic
- A self-starter with a critical and strategic mindset, with excellent writing and reporting skills
- Solid research, analytical and financial/numerical skills with high attention to detail
- Comfort in reviewing and understanding legal documentation from a business standpoint
- Mastery of credit risk processes and policies
- Ability to understand broader business issues
- Strong collaborative team player attitude and keen eye for detail
- Excellent communication and presentation skills
- Experience across structured products or trade finance would be highly advantageous

WE...

- Provide a competitive compensation and benefits package, challenging projects, fun working environment with great colleagues
- Have a passion for improving the environment and helping businesses grow sustainably
- Work hard because we believe in what we're doing
- Believe in the power of positive energy, self-awareness, intellectual honesty & empathy
- Enjoy growth phase businesses where we can have a strong impact on its direction
